<sup>1</sup>The 2008 population figures are FBI estimates based on provisional data from the U.S. Census Bureau. (See Data Declaration.)

<sup>2</sup>The FBI does not publish arson data unless it receives data from either the agency or the state for all 6 months for 2008 and/or 2009.

<sup>3</sup>The data collection methodology for the offense of forcible rape used by the Illinois and the Minnesota state UCR Programs (with the exception of Rockford, Illinois and Minneapolis and St. Paul, Minnesota) does not comply with national UCR Program guidelines. Consequently, their figures for forcible rape and violent crime (of which forcible rape is a part) are not published in this Report.

<sup>4</sup>Complete January through June data for 2008 are not available.

<sup>5</sup>Because of changes in the state/local agency's reporting practices, figures are not comparable to previous years' data.

<sup>6</sup>The FBI determined that the agency did not follow national Uniform Crime Reporting (UCR) Program guidelines for reporting an offense. Consequently, this figure is not included in this table and has been excluded from all Report tabulations.
